What part of the session did you like the least?	All non
Do you plan to share what you have learned with other faculty or staff in your department, college or division?	All yes

### Comments:

#### **What topics or speakers would you like to see presented at future APA Lunch Forums?**

I think the fleet initiative is an awesome idea and I wanted to learn more about it, which is why I attended. However, budget allocation was a topic that came up indirectly from the presentation topic, and I really enjoyed learning about how funding is allocated at UF. I would be very interested in future presentations about UF's funding, where it goes and why. For example, a presentation about the funding cuts in Liberal Arts and Sciences would be very informative.

#### **Other Comments:**

I could not answer question number 4 because there was nothing that I disliked about the presentation. It was informative and entertaining. There were good questions and good answers afterward and I did not participate in the lunch part, but it looked great.

The presentation was great – I really hope UF comes together and takes advantage of the flex-car program. I worry that 8 cars may not be enough...and people might get turned off from the program if the cars are always reserved.
